**“I'll show you how to make \$1,763,385.71 -or more-
like I did in America's most simple business”**

Honest, Simple, Fun, Profitable! YOU KEEP ALL THE MONEY!

**Are you looking for an honest and legitimate way to earn money from home?
If you believe that the shortest path to success is working with someone who
is already successful, then read on.**

My name is Brian Winch. If you're fed up with all the get-rich-quick “nonsense” that's being offered to hard working people like yourselves, then I want you to know up front that I'm a real person, with a real family, operating a real business.

Right now, you have the opportunity to learn how to establish contacts with a few select people in your city, and get paid a substantial fee for doing some simple work. How much money? How about \$1,500 — \$7,500 a month part time or \$10,000 — \$30,000 a month full time.

**I know how easy and profitable this business is
because I've been doing it since 1981.**

You may ask, if this is so good, why share it with anyone? Let me explain. This business is strictly local. I couldn't operate in your city just as you couldn't in mine. The truth is, I have nothing to lose by teaching you what I know and much more to gain by “letting” you in on my secrets — which will be to our mutual benefit. It becomes a win/win situation for both of us!

This business can be started without quitting your job or taking big risks with any of your hard earned money. It can be started with a small budget working just a few hours a week. You don't need a computer or any previous business experience.

There's no need for expensive equipment, products, employees, or advertising. It has nothing to do with any other gimmicky home business that drains your pockets and leaves you broke. You don't even need a high school education to do this — I barely graduated, didn't go to college. It's perfect for students, retirees or any able-bodied working person looking to get ahead.

**My program will show you how to get started immediately
right off your own kitchen table!**

When you send for my program today, you'll receive all the secret strategies, special forms, checklists and a detailed step-by-step guide to help you succeed!

FREE... No way you can lose support!

You'll also receive my personal office phone number. I'll personally act as your success coach. You can call me with any questions or help that you may need.

This business is not about “getting rich quick”. But that doesn't mean you can't still get rich. You just need ambition, desire, the right opportunity and support system.

This program represents my many years of experience, work and hard-earned lessons. I could easily sell it for \$200 or more and it would be worth every penny. Wouldn't you invest \$200 to make \$200,000 or more?

But I remembered when I was struggling to get out of the rat race even \$200 was a lot of money, so I've decided to make it affordable for the average working person who needs a break.

You can get started today for only \$100. In exchange, I'm investing my experience and time making this the best opportunity you've ever seen. I'll work with you, if you work with me. I don't need "tire kickers" or people who make excuses for failure. Fair enough? Then let's get started!

I've developed this business, perfected the formula and now I'd like to teach a few motivated people who will multiply my efforts and automatically create wealth for themselves. Of course I'll share in the profits too — I earn money by helping you earn money.

Take control of your future, send in your application and reserve a spot today!
